Next stop is the food pantry

GRAYSON WEST/PARK RECORD
Park City Municipal Athletic & Recreation Center employees on Monday load canned food to be donated to the food pantry at Christian Center of Park City.

The workers dubbed the food drive the First Annual Turkey Workout. Park City residents on Thanksgiving were allowed to use the workout facility in exchange for a donation of canned food.

Nearly 500 cans of food were collected.

POLICE BLOTTER

Vehicle break-ins reported on the same street

The Park City Police Department last week received a series of reports about vehicle burglaries, including at least two on the same street in Thayne Canyon.

On Thursday, Nov. 22, which was Thanksgiving, someone at 9:47 a.m. reported a snowboard was stolen from a truck parked on Morning Star Drive. The vehicle was not locked, the police were told.

Earlier that morning, at 9:07 a.m., someone on Morning Star Drive reported a purse containing a driver license and credit cards was stolen from inside a vehicle in the driveway and unlocked.

Meanwhile, on Friday, Nov. 23 at 2:49 p.m., a wallet and a phone

were reportedly taken out of a truck parked in a lot on Lowell Avenue.

On Tuesday, Nov. 20 at 12:06 p.m., a person on Sunset Court went to the Police Department to turn in a purse and a wallet that were found in a Dumpster. The police indicated the found items might have been taken during a vehicle break-in.

People with information about the cases may contact the Police Department at 615-5500 or the department's anonymous-tip line, 615-5847.

The department also operates an online tip form. The address is: <https://www.tipsubmit.com/WebTips.aspx?AgencyID=994>.

Other incidents reported to the Police Department last week included:

On Sunday, Nov. 25 at 10:42 p.m., a driver hit a deer at or close to the intersection of Bonanza Drive and Deer Valley Drive. The deer survived the impact but died a short time later, the police said. A Public Works Department crew was summoned to remove the carcass.

Someone contacted the police at 12:32 p.m. concerned about the possibility that an online advertisement for a vacation rental might be fraudulent. The person reported the case at the Park Avenue police station. Public police logs did not provide details, including which neighborhood the vacation rental was located.

A hit-and-run traffic accident was reported at 10:16 a.m. on Daly Avenue. A Audi was hit, the police were told. The person who reported the case to the police was unsure whether the accident occurred late the previous night or early in the morning of the report.

On Saturday, Nov. 24 at 11:31 p.m., a suspected drunken driving case was reported at the intersection of Park Avenue and Homestead Road. Public police logs did not provide details.

At 5:21 p.m., the police received a report that a dog bit someone's son. The bite occurred the day before and punctured the skin. The report was filed by someone on Ashley Court, but it was not clear from public police logs whether the bite occurred on

that street.

At 1:32 p.m., someone on Deer Crest Estates Drive reported a garage-door remote control had been stolen from a vehicle.

On Friday, Nov. 23 at 4:51 p.m., the police received a report that three moose were seen on Norfolk Avenue heading toward Park Avenue.

On Thursday, Nov. 22 at 1:13 p.m., someone staying in a rental unit somewhere along Main Street complained of the smell of garbage at 1:13 p.m.

On Wednesday, Nov. 21 at 10:51 p.m., a vehicle reportedly became stuck on a median at or close to the intersection of Bonanza Drive and Kearns Boulevard. The police were told someone was "nipping the truck apart trying to get it off," according to police logs.

The Police Department said the case might have involved drunken driving.

On Monday, Nov. 19 at 2:10 p.m., someone on Jupiter View Drive reported a purse containing money and jewelry described as valuable was stolen.

Pay library fines with food

By JAY HAMBURGER
The Park Record

Someone with library fines may pay up with some food. The Park City Library is offering its food-for-fines program through Nov. 30, allowing people to help the hungry if they have racked up overdue fines.

The library will forgive \$1 or part of \$1 for each nonperishable food item someone donates. The program does not include lost or damaged books, though.

Pam Evans, who works at the library's circulation desk, said approximately two boxes of food had been collected through the middle of the week as part of the program.

The items will be donated to the food pantry at the Christian Center of Park City. Approximately nine boxes of food were donated in 2011.

The library wants the food items to be undamaged and not expired. According to the library, the foods most needed are:

- white rice
- cooking oil
- dried beans
- canned vegetables like green beans, whole corn and black or pinto beans
- canned fruit
- 100 percent fruit juice that does not require refrigeration
- pasta sauce, tomato sauce and canned tomatoes
- macaroni and cheese
- peanut butter
- jelly
- canned soup
- tuna

For more information, call the front desk at the library at 615-5600.

EPA Five-Year Review Planned for the Richardson Flat Tailings Superfund Site

The U.S. Environmental Protection Agency (EPA) is conducting the first Five-Year Review of remedial actions performed under the Superfund program for Operable Unit (OU) 1 at the Richardson Flat Tailings Superfund Site in Salt Lake City, Utah. The purpose of the Five-Year Review is to ensure that the selected cleanup actions for OU1 remain protective of human health and the environment. The Five-Year Review is scheduled to be completed by February, 2013.

Richardson Flat is located about 2 miles northeast of the town of Park City, Utah. It sits at the northern end of a broad valley located southeast of the intersection of State Highway 248 and U.S. Highway 40.

Between 1953 and 1981, a tailings dam and impoundment on the site were used to capture and hold mill tailings, resulting in contamination of soil, groundwater, surface water and air. Primary contaminants of concern include arsenic, cadmium, copper, lead, mercury, silver and zinc.

Information regarding Richardson Flat Tailings is available at the site's Information Repository or on the EPA website:

Park City Library
1255 Park Avenue
Park City, UT 84060
435-615-5600

<http://www.epa.gov/region8/superfund/ut/richardsonflat/index.html>

EPA invites community participation in the Five-Year Review process. Community members are encouraged to contact EPA staff with any information that may help the Agency make its determination regarding the protectiveness and effectiveness of the remedies at the site.
